WEEQUAHIC

I.P. EXPERIENCE

the Indian Pride Experience

Only those who walk the halls of Weequahic High School understand the pride and spirit that goes along with the experience. The class of 2016 is one of the most school spirited classes to have ever walked the halls of Weequahic High School. They bleed orange and brown. The last four years have prepared them for the future but they will never forget the experiences they had and the friends they made at Weequahic. They will forever be Indians.

Principal Mrs. McDonald

To the class of 2016, I would like to take this time to personally thank you for allowing me to be your principal for the last two years! Sharing good times and not so good times, experiences, memories, challenges, obstacles and victories that have molded all of you into outstanding scholars with that undying "Indian Pride"! You have experienced enormous change during your four year tenure at Weequahic and I am so proud to say that you have worked hard and persevered through it all to arrive at this moment in time! Now it is time that we part ways so that you all can experience life in various ways and all that it has to offer each of you. Know that failure is not an option but obstacles are mere setbacks so that you can set up to have an awesome comeback! Our hallways will not be the same without the Class of 2016 but we are optimistic that your presence will be felt in the world as you experience various life pathways in college, career, workforce, traveling, military and parenting just to name a few.
In closing, never forget the dim light of the past that assisted you to get to this moment and never forget that there is a very bright light that shines on each of you to guide you to and through your awesome future! I love you all and May God Bless You!!!

With Love,

Lisa A. McDonald
Principal
Weequahic High School

Vice Principal Dr. Williams

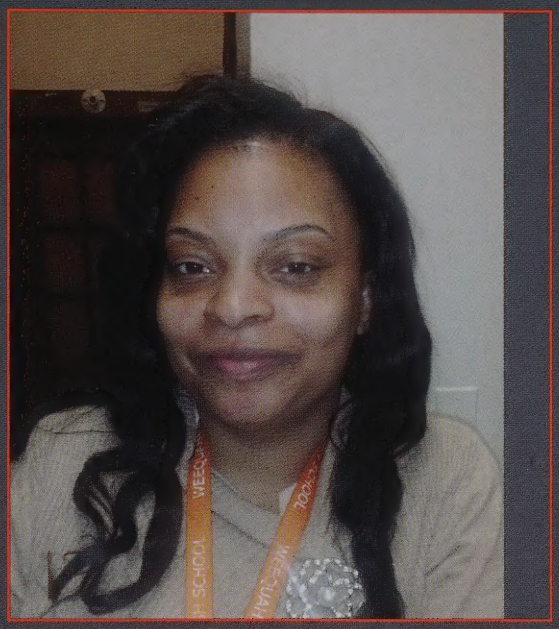
TO THE CLASS OF 2016:

CONGRATULATIONS!

Your journey through high school has come to an end and the next chapter of your life, college and career, begins. In your new journey, take with you the experiences and lessons learned from Weequahic High School. The valuable experiences and foundation from the last 4 years will not only serve you well in your pursuit of higher education, but it will be of advantage to you in your social and business endeavors. Continue to make us proud and live your lives in such a way that you will reflect credit upon yourselves, your family, and community. IP!

Dr. Kelly Williams
Vice Principal
Weequahic High School

Vice Principal Ms. Mills



TO THE CLASS OF 2016:

It has been a privilege and an honor to serve as your Vice Principal. Never in my years of being in education have I come across a group of individuals who are so vested in their education and high school. The Class of 2016 stood strong when they attempted to close your school and even stronger when several Weequahic loved ones were lost. In looking back at your years at Weequahic High School. I want you to think about two things. What were some obstacles that you faced being a student at Weequahic High School? How did you hurdle the obstacles and continue running towards the graduation finish line? How you persevere in the face of trouble determines not only your character but the person you will become. If there is anything I have learned from the Class of 2016, it is that all of you have the capability to persevere. Remember, "You are only as strong as you allow yourself to be, Never get discouraged, Never give up"!

Natica Mills
Vice Principal
Weequahic High School

Vice Principal Mrs. Cumberbach-Jenkins

TO THE CLASS OF 2016:

I wish the seniors the best of everything that life has to offer. I need you all to work hard to get where you need to be. Nothing will come easy in life, You must put in hard work. It has been a wonderful experience knowing you all; you are all good students as my experience here with you has been an exciting one. May you all find success.

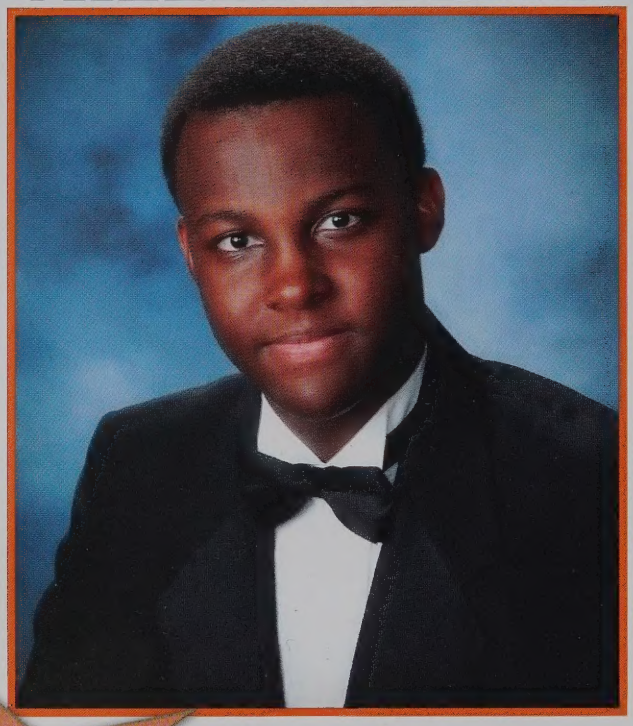
VALEDICTORIAN



Taariq Lumford

High School is a learning experience. You either like it, hate it, or you are indifferent. Most of your life long opinions are formed and cultivated in high school. Everything after that is basically building upon your beliefs.

As we all go our separate ways, I hope we never forget about each other or at least the good moments we had at Weequahic High School. Even if we didn't get along or didn't speak to one another, I wish nothing but the best for everyone. Remember to never give up and to cherish every day like its your last, because tomorrow isn't promised. I'm truly going to miss the CLASS OF 2016! We were the best class of them all, GOOD LUCK TO EVERYONE.

SALUTATORIAN

Naylene Vasquez

CLASS OF 2016 OFFICERS

PRESIDENT

SaJaida Carswell

We've been in high school for four years and we've learned things from Algebra to Physics, but the one thing we didn't learn was how to say goodbye to the family and friends we made over these years. Bonds were formed that can never be broken and memories were made that will never fade no matter how far away we go. So shed your tears and share your smiles the best is yet to come, because this is the point where our lives begin. Although it was *So Hard To Be An Indian* we will always have our Indian Pride. Congratulations to my family, The Class of 2016!

VICE PRESIDENT

Emmanuella Asare

One of the greatest accomplishments that would forever be a good memory in my future was being a Vice President for the senor class. I have always wanted to help be a leader in the eyes of many, so when my own classmates believed that I would be a great candidate to represent them I was thrilled because there was so much I wanted to do to help. And with our dedications and determinations we made this our class and year. Thank you to all who became a positive part in my four years and always remember "DREAMS DO COME TRUE."

GO FOR THE WIN!

"When I wrestle I feel like a gladiator, I'm fighting for the win and, more importantly, fighting for my team. When you wrestle, there's no team member to sub in for you and no one to lean on when you start to lose focus, it all depends on you whether you win or lose. This year I learned that wrestling is the most physical sport I've ever known because it's just a one on one battle between me with my guns (muscles) and my opponent with his noodle arms. Wrestling is a way of life, and I never thought I'd feel so passionate about a sport."

The year of 2013 was my first year of Volleyball. I had been asked to play by my good friend along with her.I'd thought I should give it a chance since I previously turned her down the year before, I must admit, I'm glad she helped me conquer that because it sparked a love for the sport, dedication, a necessity, a passion for volleyball. That year I was promoted from JV to Varsity and position as the setter. I've experience playing with three different teams each year, but 2015 was great! These girls showed me a great time. Some laughed, some cried, but we worked hard. They were brave beginners they went up against teams with way more experience and still managed to stay focused. Our coach, Sandy, proved she can learn fast and spread that knowledge. I thank her for doing all she has for the 2015 volleyball season, and making the team happen, and I thank the team for the wonderful adventure, Love You Guys.

My experiences with the Weequahic track team has been life changing. Throughout the past four years, I have been taught so many life lessons in terms of discipline, respect, and honest. Ive learned this from either my coach or from general experiences on the track. Theses things have shaped me and my teammate's abilities as responsible young adults in the sense that we have been taught to grow and excel in the real world.

Many people say that cheerleaders are not real athletes, but I believe that they are. Cheerleaders are so dedicated that they get injured just like, if not worse than, any other athlete. Take me for example, I love cheering so much that I've gone to games and competitions injured so bad that all I could do was smile through the pain. The definition of a cheerleader is a member of a team that performs cheering, chanting, and dancing in support of a sports team, an enthusiastic and vocal supporter, in other words. Our job as cheerleaders is to pump up the crowd and motivate our team to do better, and to ultimately win.

PRIDE

To do something to make a change and have a day where you can chill, relax and have a break while learning something couldn't go any better.

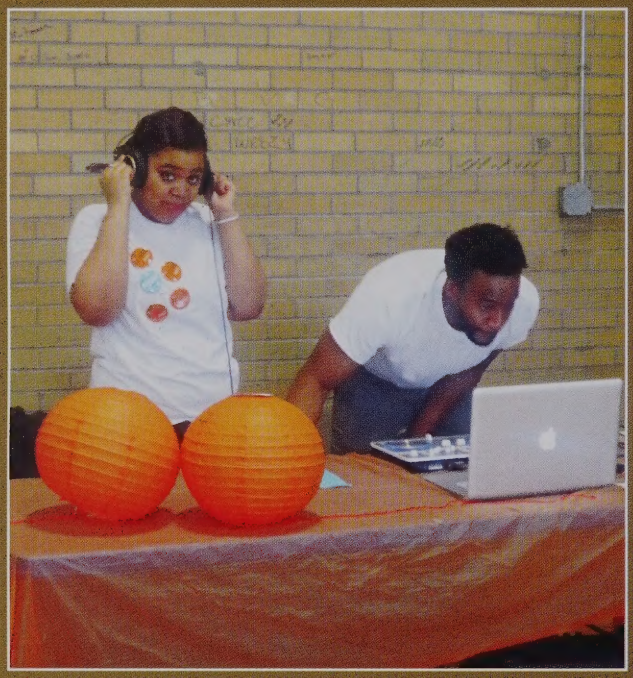
A day where a student works hard and has fun.

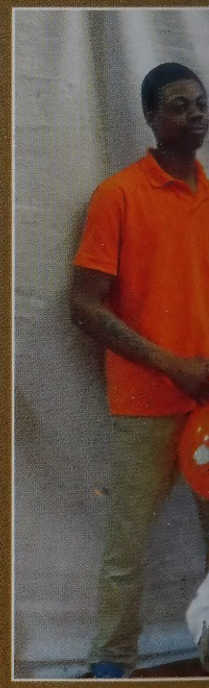
A day with activities and a dance.

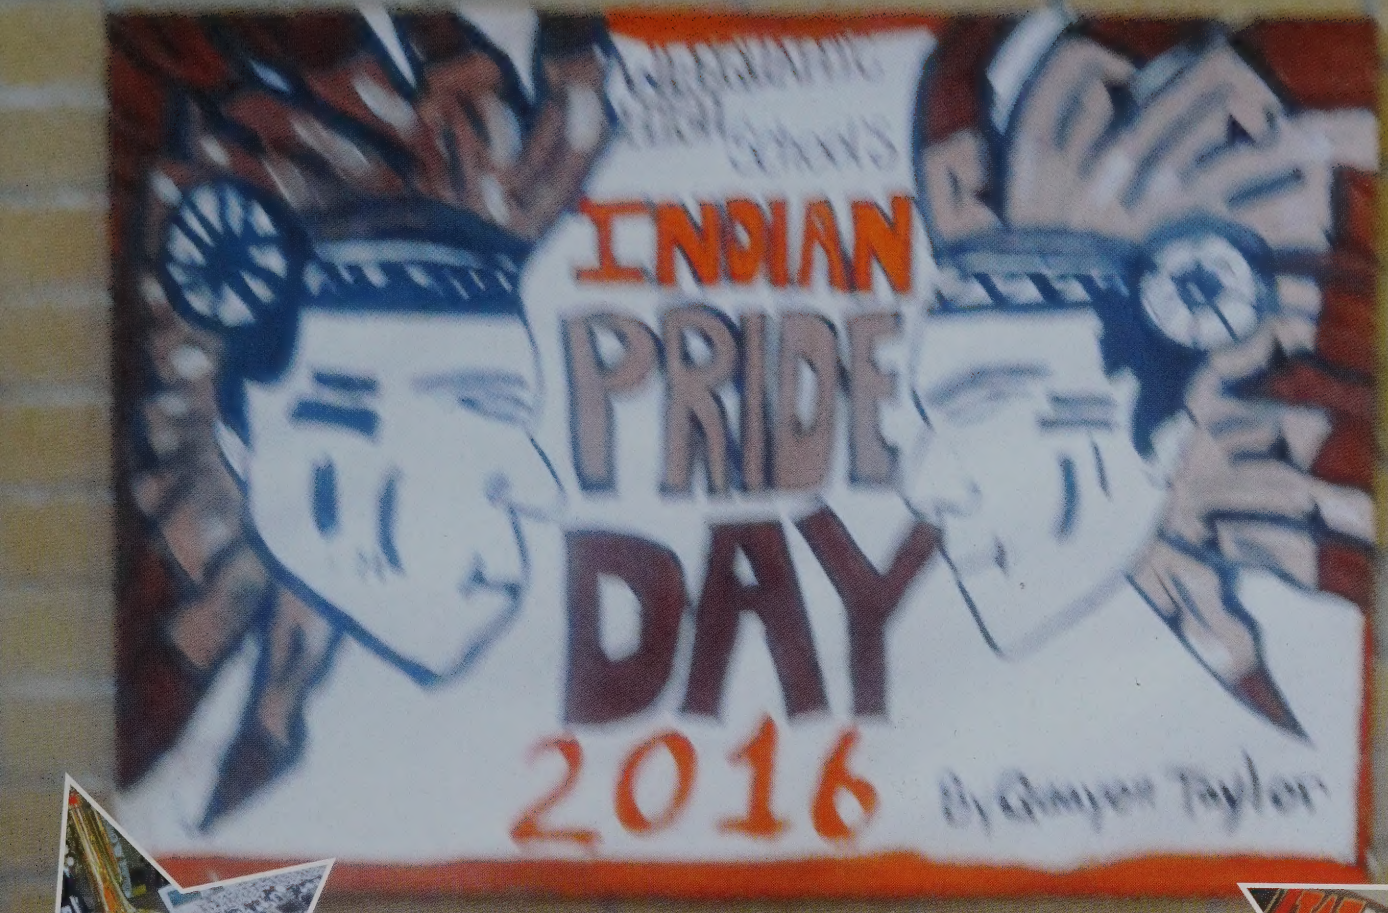
A day with many exciting surprises and much more! A day to show that we all are true indians and proud to be one.

Show your pride.

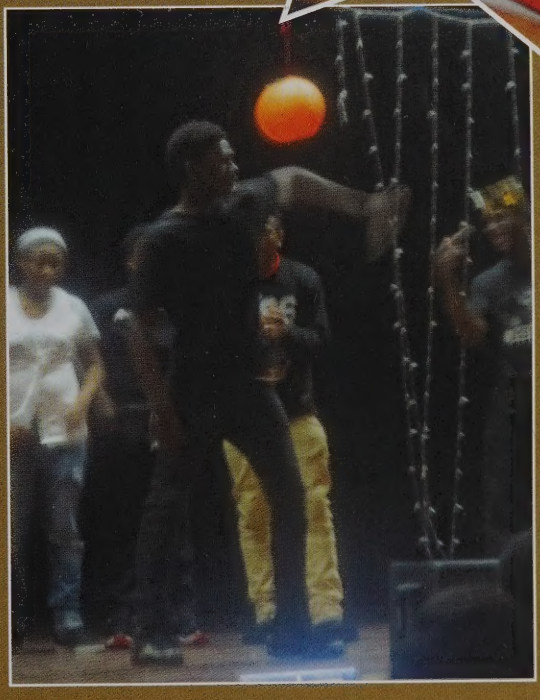
It's Indian Pride Day!



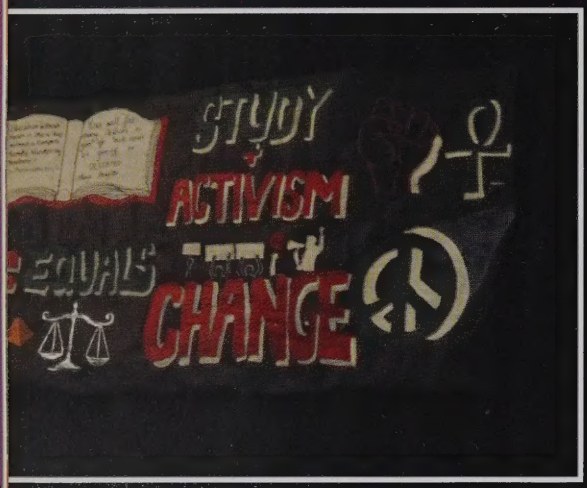


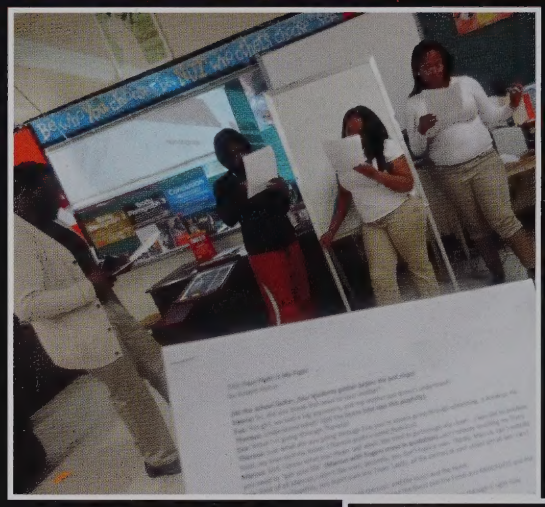


INDIAN PRIDE DAY



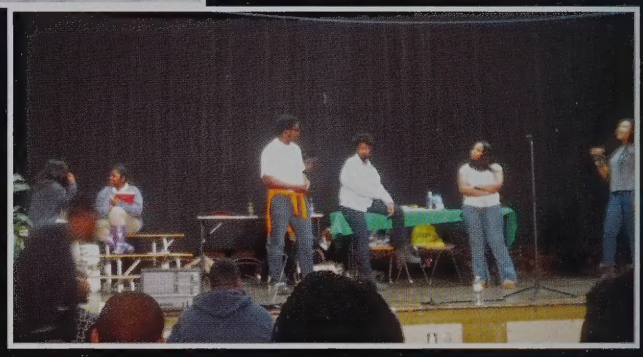
Celebrating our Ancestors





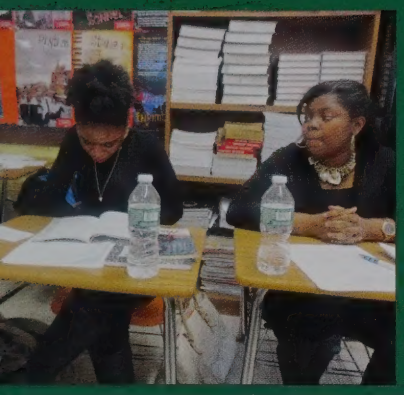
" History, despite its wrenching pain, cannot be unlived. But if faced with courage need not be lived again."

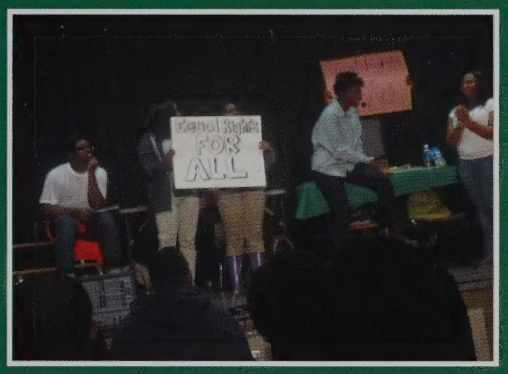
- Maya Angelo



Indians

this Black History Month



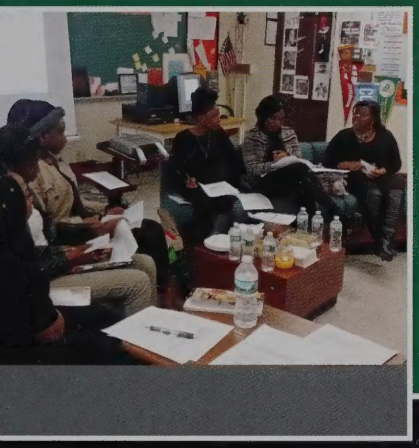


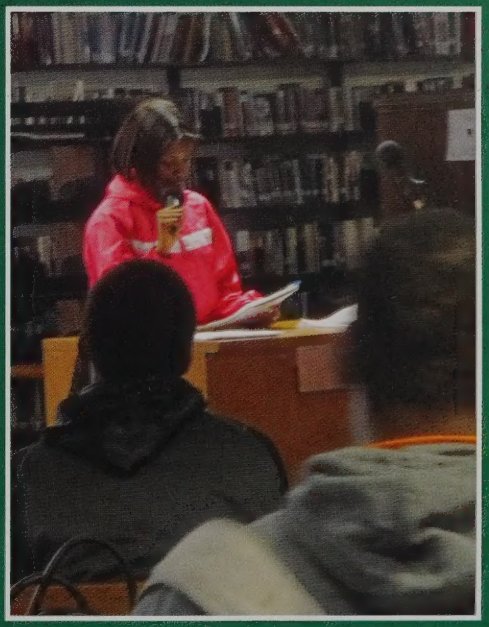
"Never be afraid to use your voice, because it is more powerful than you could ever imagine"

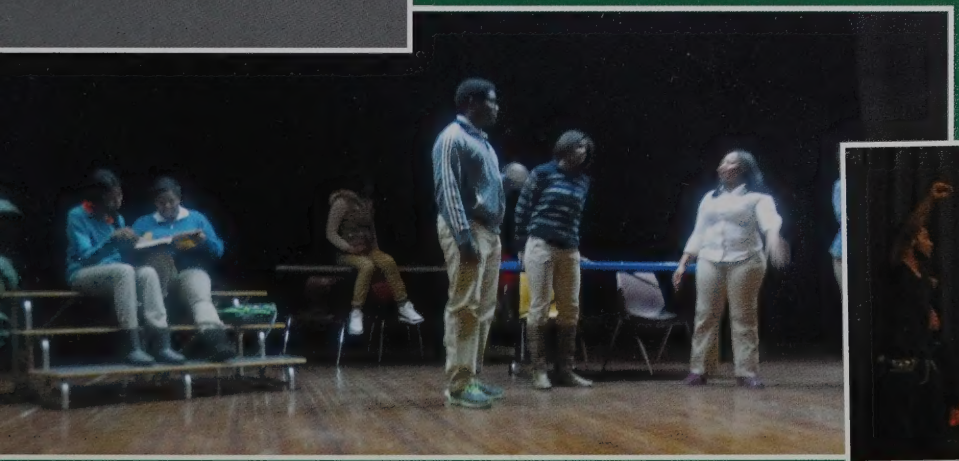
-Emmanuella Asare

"You must never be fearful about what you are doing if is right."

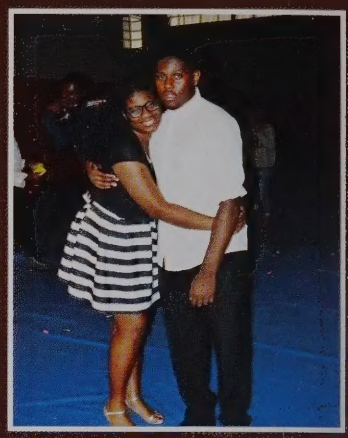
- Rosa Parks

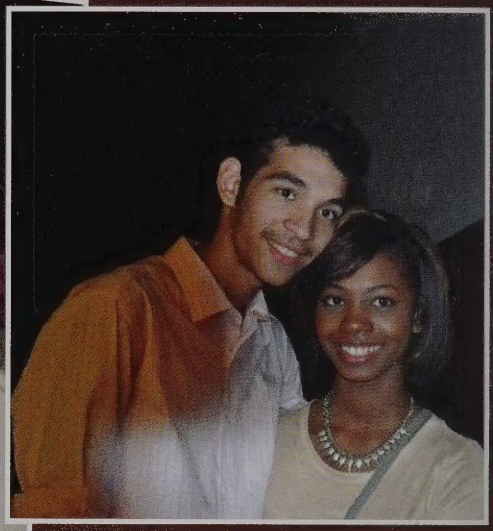


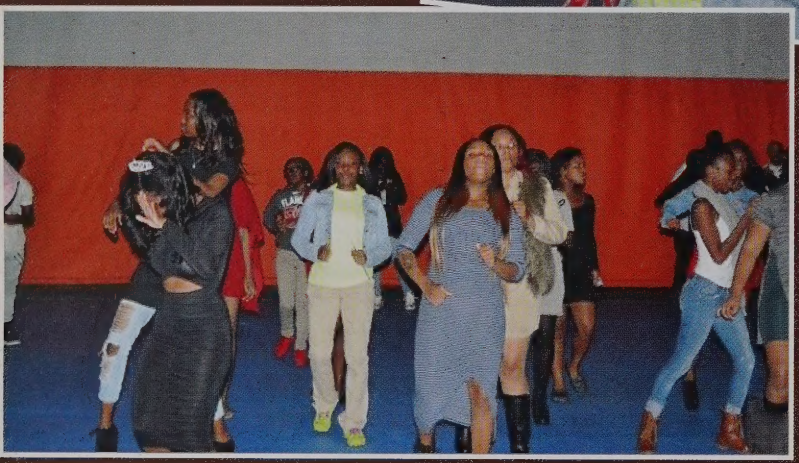




HOMECOMING

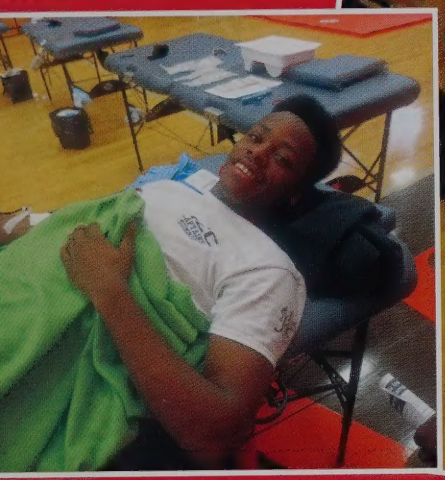


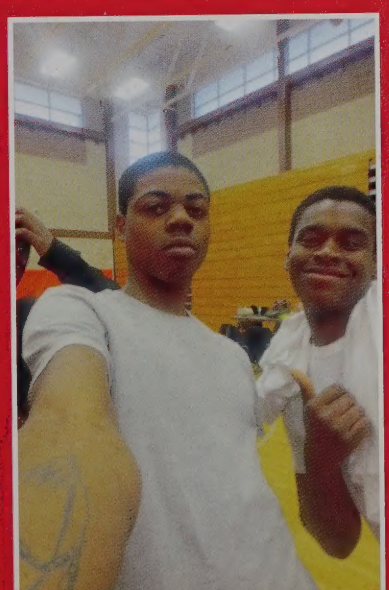


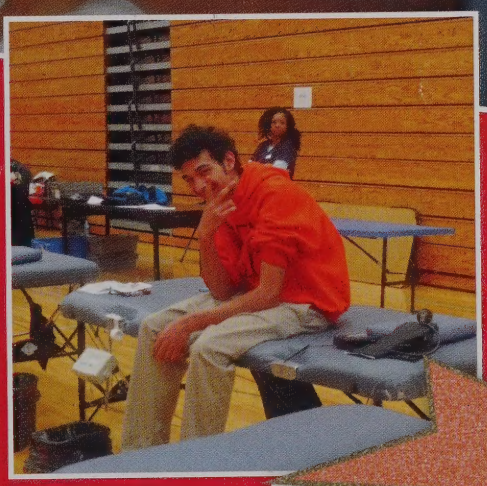


KINGS AND QUEENS

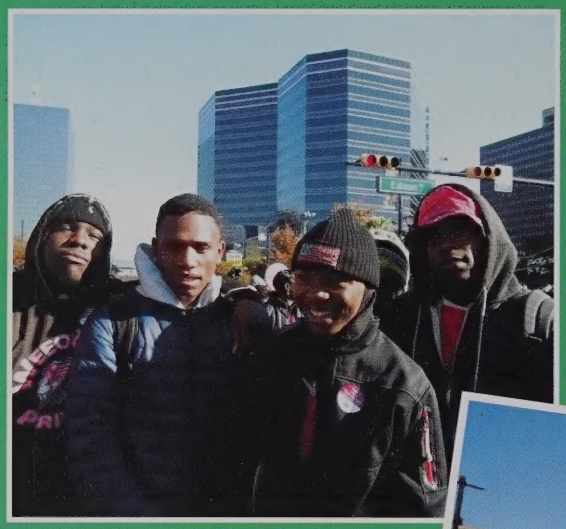
BLOOD DRIVE
WE GIVE







You never know how strong you are until being strong is the only choice you have.



There is a "can" in
Cancer
because we CAN beat it!

BREAST CANCER WALK

Make it simple, but significant..

Style is a way to say who you are without having to speak!

DRESS TO IMPRESS

WE ARE PROUD TO BE
